

SASEN-CB

27 SEP 1979

SUBJECT: Phase I Inspection of Lake Pettit Dam, Pickens County, Georgia

Honorable George Busbee
Governor of Georgia
State Capitol
Atlanta, GA 30303

FILE COPY

Dear Governor Busbee:

Law Engineering Testing Company, an architect-engineer firm under contract with Savannah District, U.S. Army Corps of Engineers, recently conducted an inspection of Lake Pettit Dam. I am inclosing a copy of the report of the findings of that inspection. I am also sending a copy of the report to Big Canoe, Inc., the owner of the dam.

Our findings indicate that the dam has deficiencies of a maintenance nature. We recommend that the remedial measures in section 7 of the report be implemented as soon as possible.

The information in this report and the report itself will be released to the public upon request as provided by the Freedom of Information Act. Please contact me if you have any questions concerning the report.

Sincerely,

/s/ Tilford C. Creel
