Re: Lake Pettit Dam  
Pickens County

Dear Mr. Cranston,

Pursuant to our conversation on January 31, 1980 on Lake Pettit Dam, the stability of the backslope must be reanalyzed using the existing 2.0 to 1 backslope in of the design 2.5 to 1 backslope.

Enclosed for your information is a copy of the Phase One Report.

If there are any questions, please feel free to contact our office.

Sincerely,

  
Francis E. Fiegle, II  
Environmental Engineer  
Dam Safety Program
