10215 Fernwood Road  
Suite 250  
Bethesda, MD 20817

**FILE COPY**

**SUBJECT:** Lake Petit Dam  
Pickens County, Georgia

Dear Mr. Matheson:

The Safe Dams Program appreciates your willingness to review this project and to give us your input. I have enclosed several items which I hope will help give you some background as well as the actual design submittal. The items enclosed are as follows:

Georgia Safe Dams Act and Rules for Dam Safety  
Copy of correspondence file since notifying owner of problem with seepage  
Georgia Engineering Guidelines  
Engineering Report by Geosyntec Consultants

Our administrative section is working on the details of our contractual agreement at this time. If you have not received a signed contract already, one should be forthcoming soon. I wanted to go ahead and get this information to you.

If you have any questions, please give our office a call at (404) 362-2678. You can talk with either myself or Ed Fiegle, my program manager.

Sincerely,

Dallon Thomas Woosley, P. E.  
Principal Environmental Engineer  
Safe Dams Program
