FILE COPY

SUBJECT: Petit Lake Dam
Pickens County
Permit #112-009-00462

Dear Mr. Bates:

This office has reviewed the Emergency Action Plan (EAP) regarding the subject dam that was received on May 31, 2018. There is one comment below that must be addressed before the EAP can be approved. Please note that the document was reviewed for conformance to an approved format, but not for accuracy. As an owner of the dam, it is your responsibility to ensure the accuracy of the document and to address the below comment.

1. Inundation mapping was not stamped in the above submittal. You must include inundation mapping stamped and signed by a professional engineer licensed in the State of Georgia.

You must address the above issue and provide to this office either the revised EAP or a schedule for completing the EAP **within 30 days of the date of this letter**. Failure to respond may lead to further enforcement. If you have any questions, you may contact me at 404-232-7844.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kate Betsill".

Kate Betsill
Environmental Engineer
Safe Dams Program
