Mr. Bill Bates  
Big Canoe Property Owners Association  
10586 Big Canoe  
Big Canoe, GA 30143

**SUBJECT:** Petit Lake Dam  
Pickens County  
Permit #112-009-00462

Dear Mr. Bates:

It has been determined that the Emergency Action Plan (EAP) submitted on August 20, 2018, for the subject dam meets the requirements of the Georgia Rules for Dam Safety 391-3-8.11 and is hereby approved.

Please note that the above document was reviewed for conformance to an approved format such as FEMA Publication No. P-64, but not for accuracy. As an owner of the dam, it is your responsibility to ensure the accuracy of the document. The EAP is a living document and requires regular review and updating as personnel, downstream development, the dam itself, and other factors may not remain constant throughout the life of the document. FEMA recommends EAPs be reviewed at least annually and updated as needed. If any update to the EAP occurs, a copy should be provided to this office.

As noted in previous comments, you should update the 1998 inundation mapping as soon as practical.

The enclosed concurrence page has been signed by the Safe Dams Program Manager. Please distribute the approved EAP with the completed concurrence signature pages to all individuals on the distribution list. The document will be considered complete once the concurrence pages, with all signatures, have been received by this office.
