Dear Mr. Woosley:

As I indicated in my voice mail, the Big Canoe Property Owners Association, Inc. has retained GeoSyntec Consultants to provide additional geotechnical review for the Lake Petit Dam. It is our hope that GeoSyntec will be able to provide some creative alternative that will provide a safe and cost effective solution for the dam, with less environmental disruption compared to the currently considered alternatives.

I look forward to meeting with you in the near future to discuss the dam further.

Sincerely,

Troy Ledbetter  
General Manager
