Subject/Issue(s) Discussed: Mr. MacDonald called to further discuss the recent low-level drain test. He indicated that they have reached out to the gate parts supplier and are supposed to have a meeting with them on 5/4/23 to discuss costs and lead times for the parts needed for the low-level drain. I asked him to give us an update on what the supplier told them.

Additionally, Mr. MacDonald stated that they would like to have a design submittal meeting to discuss the recently submitted design. I told him to provide us a few dates and we would work to schedule something.

Action Taken: None.

Written Follow-up: Yes No
