MEMORANDUM

TO: File

FROM: David Griffin *DMG*

RE: Selection of Consultant for Contract for Seismic Stability Analysis
Lake Petit Dam, Pickens County

A Request for Quotes/Qualifications (RFQ) was issued to Schnabel Engineering, LLC, Freese and Nichols, Inc., and WSP (formerly Golder Associates) on September 5, 2023. These proposals were for the review of the Seismic Stability Analysis completed recently for Lake Petit Dam in Pickens County by Geosyntec Consultants. The following responses were received:

WSP – Declined to respond.

Freese and Nichols - \$14,950

Schnabel Engineering - \$18,000

Upon review of the quotes and qualifications, the decision was made to award the contract to Schnabel Engineering. While Schnabel did not offer the lowest price, the experience offered by the team members was determined to be the best fit for the project.
